DEAR HEALTH SEEKERS ,WE ARE INTRODUCING THE NATURAL
GUT & MINERALS AND OTHER HEALTH PRODUCTS.

OVERVIEW-FOSSIL STONE

The gut microbiota, a complex community of micro-organisms residing in the digestive tract, plays a vital role in maintaining host health by aiding in digestion, producing essential vitamins, and regulating the immune system. It develops 3698 types of bacterial species in the natural curd, which is most indispensable for total gut health. Believed that, it helps in developing total gut health and helps in rejuvenate brain cells. It is a greatest gift of nature in the form of 125 million years fossil. It is our Ancestor signature for good health. It's a greatest boon from our ancestral mothers. It is a greatest gift of nature in the form of 125 million years fossil.

CURD MAKING MACHINE

Fossil stone bowls are traditionally used to make curd (yogurt). The stone's mineral content and fossilized Herbs & Shrubs are believed to interact with the milk, initiating and enhancing the fermentation process without the need for additional cultures or starters.

MINERALS

Water Purification: Fill the bowl with water and allow it to sit for a period of time. The bowl is believed to purify the water, making it a good way to infuse your water with positive energy. **Sun & Moon energy:** Place the bowl in a location where it can receive sunlight and moon light for a few minutes i.e. (12 minutes) each day. Sunlight and moon lights are known to energize and cleanse many natural materials.

HEALTH BENEFITS

The curd made in fossil bowl is high in calcium which is most essential for bone health, skin health. And also believed that, the protein it contains can control (LDL) bad cholesterol and it supports (HDL) good cholesterol, high and low BP and it can boost immune health. The pro-biotic contains will help in digestion, constipation and gastro intestinal problems. It can control thyroid and Gastro intestinal disorders. Rich in Amino Acids, including Phenylalanine, Tryptophan and Tyrosine, which are essential for various bodily functions. Believed to have detoxifying properties, promoting overall well-being and energy.
